## Botany 2026 Conference - Save the Dates!

The 2026 Annual AZNPS Botany Conference will be held on June 13 - 14 at the historic Lowell Observatory in Flagstaff. The conference, which will offer presentations and posters on a wide range of Arizona native plant topics, will run from noon to 8:00 PM on Saturday, June 13. Light refreshments will be served at the start of the conference and a buffet will be offered at about 6:00 PM followed by a dinner speaker. Our conference this year will be held jointly with the annual meeting of the American Penstemon Society (APS). The APS and AZNPS will jointly offer local guided field trips on Saturday morning, June 13 before the start of the conference and on Sunday, June 14 after the conference ends.

Formal conference announcements will be forthcoming soon with additional details. Please contact Doug Ripley if you have questions or would like to volunteer to help run the conference. Phone: 520-909-3132, email: [jdougripley@gmail.com](mailto:jdougripley@gmail.com).

### University of Arizona Campus Arboretum Florilegium Mini-Exhibit

For those on campus near the CALES Dean's office, take a peek at the Matthew B. Johnson Florilegium mini-exhibit on display there (Forbes 3rd Floor).

**The mini-exhibit** includes 12 illustrations and will be on display in the private offices of the CALES Dean's office from January through December 2026. These illustrations are in full color and show important features of each plant under magnification and including all stages of the plant's development. Each work of art took hundreds of hours to complete. While the mini-exhibit is not available for public view, the virtual gallery of the art are available on our [website](https://arboretum.arizona.edu/florilegium-virtual-gallery): <https://arboretum.arizona.edu/florilegium-virtual-gallery>.

# Chapter News

## Cochise Chapter

**The chapter returns!** We are pleased to announce that the Cochise Chapter, which has been in an inactive status for the past two years, is being brought back to life! A very successful meeting was held on October 11, 2025, at the San Pedro House in Sierra Vista, during which plans for the rejuvenation of the chapter were presented to current members along with prospective new members. Attendees were asked to explain what types of activities they would like to see the chapter pursue. The attendees concurred with a suggestion that monthly meetings should resume and feature a guest speaker. Other activities such as field trips were also discussed and they will be organized as the new chapter progresses. For more information, contact [Amy Metz](mailto:amy13jsa@gmail.com) ([amy13jsa@gmail.com](mailto:amy13jsa@gmail.com)).

### Celebrate the San Pedro at the San Pedro House by the Friends of the San Pedro River April 12, 9:00 AM - 1:00 PM

The Cochise Chapter encourages its members to join the “Celebrate the San Pedro” event at the San Pedro House, a vibrant spring festival hosted by the Bureau of Land Management (BLM) Tucson Field Office. The event includes talks, displays, guided tours, and kids' activities, making it a perfect day for families and friends to enjoy and learn about the San Pedro Riparian National Conservation Area. The event is free and open to all. Participants can also join an early morning birding event led by Friends of the San Pedro River at 7:00 AM before the main event begins. The San Pedro House is located eight miles east of Sierra Vista on Highway 90, within the San Pedro Riparian National Conservation Area. The Cochise Chapter will host an information table at the event.

## Flagstaff Chapter

The Flagstaff Chapter will offer in-person meetings this year with the option to watch from home via Zoom. The meetings will still take place on the third Tuesday of the month, March through October, at 7:00 PM. The meetings are now being held at the Northern Arizona University Biology Sciences Building, Room 328. Street parking is available nearby.

Some of the meetings have been recorded and can be viewed the Flagstaff Chapter's Facebook or at The Arizona Native Plant Society. For details about upcoming meetings, please see our email distribution list ([naris123@cs.com](mailto:naris123@cs.com)), Facebook page, or [AZNPS.com](http://AZNPS.com).

Register in advance once in order to attend any of the meetings virtually:  
<https://uso2web.zoom.us/meeting/register/gWhRf79ZSEuoMH8rpAf9Ig>

After registering, you will receive a confirmation email containing information about joining the meeting. Use the link Zoom sends or the passcode Flagstaff! to join the meeting.

### Meetings

#### Tuesday, March 17, 7:00 PM. Julie Crawford: *A Botanical Journey*

Julie Crawford will discuss the career path that led her to write and illustrate her recent book, *Flagstaff Plants in Black and White: 160 of the Most Common Plants of Our Area*. Copies of her book and greeting cards are available for purchase at The Arboretum at Flagstaff, Babbitt Outdoor Outfitters, Babies to Kids, Bookman's, Brightside Bookshop, Lily of the Field Nursery, and Winter Sun Trading Company.

Julie Crawford is a plant ecologist with a broad range of botanical, conservation, and outreach experience. Her professional career includes over 35 years in the fields of botany, plant ecology, horticulture, and conservation with federal, state, and non-profit organizations throughout the western United States. Much of her research over the years has been on direct and indirect impacts of human activity on plant species, communities, and ecosystems of the western United States, including post-fire recovery, exotic plant invasion, livestock grazing, urban development, recreational activity, and climate change. She holds three university degrees in this field.

**Hybrid Meeting: In-person and via Zoom**

## Tuesday, April 21, 7:00 PM. Claire Reynolds and Olivia Steinmetz: *Pollination of Globemallow (Sphaeralcea), Thistle (Cirsium) and Pediocactus*

NAU student Claire Reynolds and recent NAU graduate Olivia Steinmetz will each give a short presentation on plants and their pollinators. Steinmetz will discuss the pollination and reproductive biology of two endemic cacti of northern Arizona (*Pediocactus peeblesianus* var. *fickeiseniae* and *Pediocactus paradinei*) and Reynolds will discuss the pollination of Globemallow (*Sphaeralcea*) and Thistle (*Cirsium*) and the changes due to climate change.

**Hybrid meeting: In-person and via Zoom**

## Tuesday, May 19, 7:00 PM. Emily Palmquist and James Holderer: *Let's Talk About Phragmites australis: Changing Distributions of Native, Nonnative, and Gulf Coast Common Reed in Arizona*

Emily Palmquist and James Holderer will each discuss their research into common reed (*Phragmites australis*) and whether the subspecies that are encroaching into the Colorado River in the Grand Canyon and the Verde River are the native, nonnative, or Gulf Coast subspecies.

Dr. Emily Palmquist is a research ecologist for the USGS Grand Canyon Monitoring and Research Center. She studies the effects of river regulation on riparian vegetation communities, riparian plant population genetics in a restoration context, and

physiological responses of riparian plants to flooding and climate.

James Holderer is a research affiliate at the Natural History Institute and a local field botanist. He focuses on special status plant and noxious weed surveys, botanical inventories, and riparian ecology monitoring projects throughout the southwest.

**Hybrid meeting: In-person and via Zoom**

## Field Trips

Please watch for specific details. Carpooling is usually available.

## Volunteer Opportunities

### Peebles Navajo Cactus (*Pediocactus peeblesianus subsp. peeblesianus*) plot monitoring

Tentative Date: Saturday, April 25, and again in the beginning of May

The Museum of Northern Arizona is looking for volunteers to help monitor three Peebles Navajo cactus plots. Contact [Kirstin](#) at [flagstaffAZNPS@gmail.com](mailto:flagstaffAZNPS@gmail.com) if you are interested in joining.

### Lake View Trail at Double Springs

Tentative Date: Saturday, May 9

This is an easy 2.5 mile hike near Mormon Lake. We'll be looking for early spring bloomers like dwarf monkey-fiddle (*Hesperochiron pumilis*), western springbeauty (*Claytonia lanceolata*), short-sepal bitterroot (*Lewisia brachycalyx*), slender woodland star (*Lithophragma tenellum*), and Macdougall's bluebells (*Mertensia macdougalii*). Contact [Kirstin](#) at [flagstaffAZNPS@gmail.com](mailto:flagstaffAZNPS@gmail.com) if you are interested in joining.

## Phoenix Chapter

The Phoenix Chapter is undergoing a revitalization effort after a period of inactivity. As this process moves forward, chapter members will be informed of its progress as well as new projects and activities to be offered. Please email the chapter for more information or to volunteer to assist with the revitalization project.

### Activities

#### Saturday, March 28, 9:00 AM - 1:00 PM: Home Garden Tour

This self-guided tour will feature a curated selection of home gardens across the Phoenix metropolitan area that highlights the beauty, livability, and ecological value of low-desert Sonoran native plants. Visitors will explore gardens at their own pace, chat informally with hosts, and see many different approaches to gardening with natives—from small and container gardens to established landscapes, pollinator habitats, and gardens shaped by real-world constraints. More information will be shared soon, including how to register.

#### Saturday, April 11, 12:00 - 3:00 PM: Plant Swap

Chat with fellow plant enthusiasts about your plant passion. Trade, collect seeds, and have fun. Clark Park Community Center, Elm Room, 19th St and Roosevelt St, Tempe.

## Prescott Chapter

The chapter continues to manage species growing in Walnut Meadow at the Highlands Center for Natural History, to provide workshops on plant families, to make seed balls to help with Prescott National Forest restoration, and to schedule evening programs.

### **Friday, May 1, 10:00 - noon. Liz Makings, Collections Manager, ASU Herbarium: Tour of the Herbarium**

---

ASU Herbarium, 734 W Alameda, Tempe.

## Trip Report

---

On November, 21, 2025, chapter members assisted with the Dude Creek Restoration project north of Payson in partnership with Trout Unlimited, AZ Game & Fish, and the US Forest Service. Members carried fencing materials to the site and mapped out planting locations for several native species. The goal of this project is to improve the habitat for the Gila trout and the Chiricahua leopard frog.

## Tucson Chapter

Monthly chapter meetings featuring local speakers are held the second Thursday of the month at the ENR2 (Environmental and Natural Resources 2) building, room 225, on the University of Arizona campus. Meetings are in a hybrid format so that interested folks can attend in person or via Zoom.

If you are not on our mailing list and wish to attend one of our meetings on Zoom, email us ([nativeplantstucson@gmail.com](mailto:nativeplantstucson@gmail.com)) to request the Zoom link. Videos of past meetings can be viewed on our [YouTube channel](https://www.youtube.com/channel/UCVBSV1oOi6enVYcI2CShTfw) (<https://www.youtube.com/channel/UCVBSV1oOi6enVYcI2CShTfw>). To receive notices of field trips, chapter meetings, and other events, send a message to the chapter [email](#).

Recent rains have made a good wildflower show seem like a possibility. The wonder of the event is that we never know when it will occur until the flowers present themselves, so we will be out there watching. We anticipate flower walks in Catalina State Park, Tucson's east side near the Rincon Mountains, the Waterman Restoration site in the Silverbell Mountains, and other locations.

### Meetings

---

#### Thursday, March 12, 7:00 PM. Bob Perrill: *Living with Giants*

---

This program will provide an overview of a Sonoran Desert keystone species, the saguaro. All aspects of its life cycle will be explored, including animal relationships and environmental pressures.

**Thursday, April 9, 7:00 PM. Carrienne Funicelli, owner of Strategic Habitat Enhancements: *Landscaping for the Future***

---

**Thursday, May 14, 7:00 PM. Linda Kennedy and Dan Robinett: *A Beginner's Guide to Grasses***

---

This program will cover techniques for identifying grasses without a microscope.

**Save the Dates!** The chapter is back after a winter hiatus and gearing up for a great 2026. We will have two in-person events once the weather starts to warm up here in the mountains and the plants begin stirring.

**June 5, 9:00 AM:** Native Plant Walk at Show Low Creek. We will explore and help you to identify some of the many native species that grow on this small, popular trail in town.

**June 12, 9:00 AM:** Join us at Woodland Lake Park for another sketch and photo walk hosted by Jess Rollar, Karen Suedmeier, and Bob Rollar. Participants will have the option of joining either the sketching or photography groups.

## Yuma Chapter

Yuma will forgo regular monthly, in-person meetings for the foreseeable future. Instead, we will focus on outdoor activities, such as field trips and work projects, with a virtual format for meetings and similar indoor activities.

Announcements of these events and other news updates will be posted via email. If you would like to receive updates, please contact us at our [chapter email \(yumaaznps@gmail.com\)](mailto:yumaaznps@gmail.com) and ask to be put on our list.
